

1 st International Conference
Slovak Gas Industry and Environment
WORKSHOP '95 - ŽILINA, SLOVENSKO
Dom techniky 28.-29. 11. 1995

The conference guarantors:

President of Conference ing. Arpád Dcmko General Manager SPP

Vice-President of Conference ing. Ján Rajzinger Manager of Division SLOVTRANGAS
under the patronage of Minister of Environment of the Slovak Republic ing. Ján Zlocha

Editor: RNDr. Štefan Poláčik, CSc.

Editorial board: Ing. Pavol Jilly, Doc. RNDr. Tatiana Liptáková, CSc., RNDr. Štefan Poláčik, CSc., Anton Rechterík

Reviewers: Ing. Juraj Halas, Prof. RNDr. Jozef Krcho, DrSc., RNDr. Eva Mičietová, Ing. Viera Peťková, Ing. Pavol Rolko, CSc., prom. fyz. Jozef Vranka

Marked contributions have been reviewed

**Spatial differentiation of the noise in the compressor
stations of the transit pipeline**

The noise in the neighbourhood of the transit pipeline plants belongs to the adverse impacts on the environment. We shall investigate the spatial differentiation near to the compressor stations on the example of the Jablonov nad Turnou compressor station and, at the same time, we shall propose the removal or damping of extreme noise frequencies

Priestorová diferenciácia

Priestorová diferenciácia hluku na KS 02

Areál Kompresorovej stanice
